

### Request to List Herbicide-Sensitive Crop Location(s)

For a sensitive crop site to be listed on the Kansas Department of Agriculture website, the following criteria must be met:

- The crop is grown for commercial purposes and represents a legitimate source of income for the grower.
- The crop — grapes, cotton or tomatoes — is known for its propensity to be economically damaged by herbicides that volatilize readily.
- If it is an organic crop, it must be produced under an organic certification program.
- The grower requests that we publicize the location on this website.

This form should be used to add or make changes to the list. Please print and complete and sign this form, and return it to:

Pesticide and Fertilizer Program  
Kansas Department of Agriculture  
109 SW 9<sup>th</sup> Street, Third Floor  
Topeka, KS 66612

Herbicide-sensitive crops include vineyards, cotton, tomatoes, certified organic crops and greenhouse crops. Other crops may be included, and those will be reviewed on a case-by-case basis.

**The locations of a sensitive crops must be adequately identified.** Provide a legal description, address, or detailed directions. If you do not want to give a specific location, you must provide the county and nearest town plus a phone number where you can be reached. The objective is to give persons using herbicides the information they need to avoid damage to your herbicide-sensitive crop.

Name: \_\_\_\_\_ Address: \_\_\_\_\_

Phone: \_\_\_\_\_

Email: \_\_\_\_\_

Type of sensitive crop:

\_\_\_\_\_

Location of sensitive crop (be specific and include county): \_\_\_\_\_

\_\_\_\_\_

Do you want to be contacted before an herbicide is applied nearby? \_\_\_\_\_

If yes, what is the telephone number where you may be reached? \_\_\_\_\_
